This was just the beginning  
It was on till the end  
Before you begin to criticize us

All our blood, sweat and tears  
Laid out on the table, for your judgment  
If you only knew how much this meant to us  
You would reconsider  
Reconsider  
Your choice of words  
Reconsider  
Your choice of words

This will be a new chapter for us  
And I am the novelist, the novelist  
My words will bend and break you

I can't do this, night after night after night  
I can't remember the last time, this was not on my mind  
Inspired by the sound of the voices in the background,  
or even  
The wind against my skin

These lies are filled  
With greed and hatred  
These lights that guide us are truly damning  
Am I left here all alone?  
Damning  
Am I left here all alone?

This will be a new chapter for us  
And I am the novelist, the novelist  
My words will bend and break you

I can't do this, night after night after night  
I can't remember the last time, this was not on my mind  
Inspired by the sound of the voices in the background,  
or even  
The wind against my skin  
Against my skin

So fixated

Everyone seems so blinded by the light  
Everyone needs to wake the fuck up  
So fixated  
Everyone seems so blinded by the light  
Everyone needs to wake the fuck up  
And have a mind of your own

And now you're broke  
Your wall's invaded  
And my words surround you  
You, you can know  
Begin to criticize  
Put aside, put aside
