Oh baby can't you  
I need you, come with me  
Something is telling me that you be the way I do  
I want you close to me  
My heart is telling me  
I hate the fact that I love you  
I feel blue

[Bridge]

And you know I'm (in) love with you  
I always think about you  
Baby I be going crazy cause I'm missing you

[Chorus 2x]

Can't you see we were meant to be, baby  
I want to be with you baby  
Oh baby can't you see  
I need you now

[Part 2]

Now that I think about it  
The love and times we shared  
How can I make it right  
I just wanna go back again  
There's something I can do  
There's something I can say  
Don't make you change your mind  
Just let me know if I could stay

[Bridge]

And you know I'm (in) love with you  
I always think about you  
Baby I be going crazy cause I'm missing you

[Chorus 2x]

Can't you see we were meant to be, baby  
I want to be with you baby  
Oh baby can't you see  
I need you now

[Rap]

Now when I'm reminiscing of all the things we used to

Do  
I realize I still love you baby blue  
And I'm waiting for you to come back  
To put my life back on the track  
The flashbacks of me and you together  
Make me wanna spend my life with you forever  
And ever and none make you run from me  
Baby I'm here for eternity

[Chorus 4x]  
Can't you see we were meant to be, baby  
I want to be with you baby  
Oh baby can't you see  
I need you now
