I Have!!!!!!  
I Have become all things to all people  
(like paul said)  
That I may by all means save some,  
Savior... Redeemer... Friend...  
We both Know That we're running this race to win  
We both Know That we're running this race to win  
My reward is that I Can Offer  
You a relationship with him  
Freely So You do not run aimlessly  
We're here to help you Guidance is not far but it is near  
All you have to do is ask  
Please just ask us I am free I make myself a slave to all  
people so that  
I can save some I become one to win one I become one  
to save one.
