So you're scared to show your feelings  
Baby, I do understand  
I don't make a promise I can't keep  
I vow to be a real good friend

In those big green eyes I see a glow of love  
I just hope that I'm the one you're dreaming of

Let me be the one to love you, oh  
Let me be the one to care  
Let me be the one to light your flame  
Oh baby, oh baby, let me be the one

We spend all our time together  
We can't stand to sleep alone  
When you say you have to leave for now  
I miss you before you're gone

All along we thought this was absurd  
(Absurd)  
Every moment that we spend goes by too fast  
Darling, darling, take this chance with me  
'Cause I have eyes only for you, oh baby

Let me be the one to love you, oh  
Let me be the one to care  
Let me be the one to light your flame  
Oh baby, oh no

Let me be the one  
Let me be the one to love you  
Let me be the one to care  
Let me be the one to light your flame  
Oh baby, oh no, let me be the one

Don't be scared to show your feelings  
'Cause baby I do understand  
And I don't make no promises I can't keep  
I vow to be a real good man, oh

All along we thought this was absurd  
(Absurd)  
Every moment that we spend goes by too fast  
(Too fast)  
Darling, darling, take this chance with me  
(Chance with me)  
I have eyes only for you  
(Only for you)

Let me be the one to love you, oh oh  
(Be the one)  
Let me be the one to care  
(Be the one)  
Let me be the one to light your flame  
(Be the one)

Oh baby, baby, baby  
Let me be the one to love you  
(Be the one)  
Let me be the one to care  
(Be the one)  
Let me be the one to light your flame  
(Be the one)
