Heavy duty pleasure zone  
The schools are empty and they're on their own  
Teenage libido they've got it made  
A touch of make-up and they make the grade  
You know it is no secret  
Even though you don't believe it  
It goes on  
Down in the basement the wild child queens  
Soho monarchs to a manhood dream  
Caught in the limelight sex for fame  
Innocence is traded for the lines they gain  
You know it is no secret  
Even though you don't believe it  
It goes on
