This may be the last time
This may be the last time, children
This may be the last time
May be the last time I don't know

May be the last time we ever shout together
May be the last time I don't know

This may be the last time
This may be the last time, children
This may be the last time
May be the last time I don't know

May be the last time we ever among together
May be the last time I don't know

This may be the last time
This may be the last time, children
This may be the last time
May be the last time I don't know

May be the last time we fellowship together
May be the last time I don't know

This may be the last time
This may be the last time, children
This may be the last time
May be the last time I don't know
