### "Love is gone"

I'm sittin down and on the ground  
think about what's to fit in that song  
I only have one line "love is gone"  
and I erase and I rewind  
but I can't find the edge in that line  
I don't wanna sound like another song

love is gone away  
and I try to find a reason  
love is gone away  
I can't really find a meaning  
I can't be what you want me to be  
put my head in the sand, I just don't wanna see  
love is gone away

and I try to rack my brain  
if it's good, if it's bad or the same  
like the same I'm writing every day  
I've tried to find the perfect line  
for a scene that I can't describe  
but I had it already inside  
"love is gone"

love is gone away  
and I try to find a reason  
love is gone away  
I can't really find a meaning  
I can't be what you want me to be  
put my head in the sand, I just don't wanna see  
love is gone away

I never stated what I thought  
I am up to the cliché  
I am up to everything  
in secure but out of sight  
somewhere in the middle of this

love is gone away  
and I try to find a reason  
love is gone away  
I can't really find a meaning

I can't be what you want me to be  
put my head in the sand, I just don't wanna see  
love is gone away
