Let me tell you, mama, what that black dog done done
to

Me

Let me tell you, mama, what that black dog done done
to

Me

He cheated me from my regular, now he's after my
used-to-

Be

Black dog, black dog, you caused me to weep and
moan

Black dog, black dog, you caused me to weep and
moan

You cause me to leave my, sweet old happy home

Black dog, black dog, you forever on my mind

Black dog, black dog, you forever on my mind

If you only let me see my baby one more time

So long black dog, I'm quittin' your hard luck line
