Now, pigmeat is taken today, today, something I do
crave
Now, pigmeat is taken today, today, something I do
crave
Ash to ashes and dust to dust
Show me a woman that a man can trust
Pigmeat taken today, today, something I do crave, I
mean it
Something I do crave

Now, pigmeat is kicking today, today, something I do
crave
Now, pigmeat is kicking today, today, something I do
crave
Had a little gal, she was little and low
She used to shake it but she won't no more
Now pigmeat is kicking today, today, something I do
crave, I mean it
Something I do crave

Now, pigmeat is kicking today, today, something I do
crave
Now, pigmeat is kicking today, today, something I do
crave
Looked down the road as far as I could see
The boy's had my woman and the blues had me
Now pigmeat is kicking today, today, something I do
crave, I mean it
Something I do crave

Now, pigmeat is kicking today, today, something I do
crave
Now, pigmeat is kicking today, today, something I do
crave
Ashes to ashes and sand to sand
Show me a woman ain't got a back door man
Now, pigmeat is kicking today, today, something I do
crave, I mean it
Something I do crave
