Says, I'm not jokin' an' I'm gonna tell you no lie,
I want to eat your custy pie
You gotta give me some of it,
You gotta give me some of it,
You gotta give me some of it,
'Fore you give it all away

I'm not breakin' but you understood,
everything I do, I try to do it good
You gotta give me some of it,
You gotta give me some of it,
You gotta give me some of it,
'Fore you give it all away

Now, your custy pie is good an' nice,
when you cut it, please save me a smart
You gotta give me some of it,
You gotta give me some of it,
You gotta give me some of it,
'Fore you give it all away

Says, I don't care if you little right cross that street,
you cut that pie please save me a piece
You gotta give me some of it,
You gotta give me some of it,
You gotta give me some of it,
'Fore you give it all away

Oh, it's good for a man 83,
you know good well it good enough for me
You gotta give me some of it,
You gotta give me some of it,
You gotta give me some of it,
'Fore you give it all away
