This may be the last time  
This may be the last time, children  
This may be the last time  
May be the last time I don't know

May be the last time we ever shout together  
May be the last time I don't know

This may be the last time  
This may be the last time, children  
This may be the last time  
May be the last time I don't know

May be the last time we ever among together  
May be the last time I don't know

This may be the last time  
This may be the last time, children  
This may be the last time  
May be the last time I don't know

May be the last time we fellowship together  
May be the last time I don't know

This may be the last time  
This may be the last time, children  
This may be the last time  
May be the last time I don't know
