"Church House Steps"

Oh - I sat down upon the church house steps
I sat down upon the church house steps
I sat down upon the church house
Down upon the church house steps

With all my hopes and dreams
All of my regrets

Oh - I sat down upon the church house steps
I sat down upon the church house steps
I sat down
I sat down upon the church house steps

With all I have lost
And with all I have been blessed

Oh - I sat down
Oh - I sat down
Oh - I sat down upon
I sat down upon the church house steps

I reached to the sky
As I hung my head and wept
Oh - I wept

Oh - I sat down
Oh - I sat down
I sat down
Oh - I sat down

If these wings should fail me
(Won't you) meet me with another pair
