I know a place, it's the land of milk and honey  
I know a place where all the streets are paved with gold  
I know a place where there's life forever after  
I know for certain for the Lord told me so

I know a place where there's rest for weary pilgrims  
I know a place where there's comfort from the  
[Incomprehensible]  
I know a place where there [Incomprehensible]  
I know for certain for the Lord told me so

I can hear the angels singing sweet music to my ear  
I see the hope of all creation on open stage

I know a place where the lion walked beside me  
I know a place where the darkness never falls  
I know a place where [Incomprehensible] in banquet  
I know for certain that the Lord told me so

I know a place where the Lord shall be delivered  
I know a place where I learned to free the soul  
I know a place where the faith shall be rewarded  
I know for certain for the Lord told me so

I can hear the angels singing sweet music to my ear  
I see the hope of all creation on open stage

I know a place where there's flowing milk and honey  
I know a place where the streets are paved with gold  
I know a place where there's life everlasting  
I know for certain for the Lord told me so

I know a place, flowing milk and honey  
I know a place where the streets are paved with gold  
I know a place where there's life everlasting  
I know for certain for the Lord told me so  
I know for certain for the Lord told me so

I know, I know, I know, I know, oh yes  
If you don't believe, if you don't believe it  
Just talk to me, I know for certain for the Lord
