I got a new way of walking, new way of talking
Since the Holy Ghost took control
I got a new way of praying, a new way of saying
Thank God, I've got a new born soul

I've got a new born soul
Since the Holy Ghost took control
I've got a new born soul
Since the Comforter made me whole

My hands look new, my feet did too
My head got wet in the midnight dew
But oh, all I know, thank the Lord
I've got a new born soul

I got a new way of preaching, a new way of teaching
Since the Holy Ghost took control
Souls are winning, a new beginning
Thank the Lord, I've got a new born soul

I've got a new born soul
Since the Holy Ghost took control
I've got a new, new born soul
Since the Comforter made me whole

My hands look new, my feet did too
My head got wet in the midnight dew
But oh, all I know, thank God
I've got a new born soul

I've got a new born soul
Since the Holy Ghost took control
I've got a new, new born soul
Thank the Lord, I've got a new born soul
