Talk about suffering here below  
Let's keep talking about Jesus  
Talk about suffering here below  
Better keep talking about Jesus

The gospel train is coming  
Don't you wanna go  
And leave this world of trouble  
And sorrows here below?

Talk about suffering here below  
Let's keep talking about Jesus  
Talk about suffering here below  
Let's keep talking about Jesus

Don't you hear me, brother?  
Don't you wanna go  
And leave this world of trouble  
And sorrow here below?

Don't you hear me, sister?  
Don't you wanna go  
And leave this world of trouble  
And sorrow here below?

Talk about suffering here below  
Let's keep talking about Jesus  
Talk about suffering here below  
Let's keep talking about Jesus
