Damn girl  
It ain't true what they sayin is it?  
Yeah look like  
The tables have turned  
I mean by the looks of things  
It might be safe to say  
The women are the new dogs

Hook:  
She's mine even though she's yours  
You aint' the only one breaking her off  
It don't seem right but that's how we made em  
Women are the new players  
Don't' hate em  
And she be lyin when she say where she goin  
Tell me be quiet when he call on the phone  
I had to question why girl you do him so wrong  
She said I got it from yall  
Women are the new dogs

I'm nice like lauryn on the freestyle  
He done found my number one is wife's speed dial  
Uh she feelin get a beat down  
He come here yeah will be warren like the g child  
N-gga your chick chose M.Y.  
I step up int he night spot I aint' even inquire  
On who she was, who she wit, who she love, who she hit  
Truefully ngga I thought your chick was on some bougie  
shit  
Till I seen her sipping hennessy dark women who drink  
that man  
Them women be hard  
When I say hard I aint' talkin bout liek Rihanna  
Talkign first night bitch'll let you hit the vagina  
I'm buyin time like we expectin debt  
All up in your chickens neck  
She a smut but I still give her respect  
Cause she said she's a she aint' nothign btu a new dog  
So I put on more than just two paws

[Hook:]

And I'm thinking I'm doing her dirt  
Thinkin she good thinking she ain't hurt worthy  
And no not for a second did I expect she was still give  
me sex to her ex  
Till I checked a radio station doin a segment called true  
confession  
A caller called in said he had proof without a question  
But you was hitting my chick, doin it to her naked  
And he said I hope this n-gga usin protection  
They all laugh up down on the west side ave  
Other listeners point at me from they whips like ha ha  
Feelign like a jackass thinkin she got the nerve  
But somewhere deep inside knew I was gettin what I  
deserved  
I had Tammy on Tuesday  
There'sa on thurs  
... while I was getting mine  
I guess she was getting hers  
And then right after the dude called they played a song  
called women are the new dogs

[Hook:]

They say women are the new dogs  
'Cause a lot of men turnin into rupaul  
If that's your thing, by any means do y'all  
Me I'd rather die from a terminal case of blue balls  
Back to women bein the new dogs  
I think 90% of this is the dudes fault  
But when you grew up listening to that too short  
You end up thinkin the same way as snoop dogg  
You think them bitches aint' shit but hos and tricks  
We aint treat em like queens like they supposed to get  
And instead of lovin em better like uncle I woulda said  
We said to hell with em and that f-cked up they heads

Chorus
