They're playing our song
They're playing our song
Can you see the lights?
Can you hear the hum?

Of our song
I hope they get it right
I hope we dance tonight
Before we, get it wrong

And the seasons
Will change us new
Be the best I've known
And you know me
I could not be stuck on you
If it were true

I was sleeping
My eyes were dark
Til you woke me
And told me that opening
Is just the start
It was

Now I see you, til kingdom come
You're the one I want
To see me for all the stupid shit I've done

(Chorus)
Soil and six feet under
Killed just like we were
Before you knew you'd know me
And you know me

Blooming up from the ground
3 Rounds and a sound
Like whispering you know me
And you know me

So this was our song
This was our song
I still see the lights

I can see them

And the criss cross
Of what is true, won't get to us
Cause you know me
I could not give up on you

And the fog of what is right
Won't cover us cause you know me
I could not give up a fight

(Chorus Time)
