Walk with me now
Break my cage
While they work
And they wait to die
Are you waiting?

Your load
Stays with me still
And I cant beat the hills
That meet me
But I cannot collapse
From this chemical lapse

Hold tight these hands
One might give
Don't look back
Don't relive
The shock down
Are you waiting?

And the load stays with me still
And I can't beat the hills
That meet me
But I cannot collapse
From this chemical lapse

The lull hurts above all
Keep reading the walls to me
But I cannot collapse
From this chemical lapse

Fear stays with me still
But it cannot [-----] me
But I cannot collapse
From this chemical lapse

Their God can't stop us
Their cage won't hold us
Their stone can't stop us
This game won't leave me beat
But at least
Were not done yet

Were not done yet
All told
