I party and bullshit, ain't kick it with a couple of my..  
I party and bullshit, ain't kick it with a couple of my..  
wanna party and bullshit, ain't kick it with a couple  
of my..  
I party and bullshit, ain't kick it with a couple of my..

Chorus:

Girl I know you're the one  
and for this people wait there whole life,  
I know they're seeing I'm young and dumb  
but I'm really just having some fun (having some  
fun).

SO I call up my name, yeah know I'm wrong,  
I should even be here singing this song,  
but you wouldn't be here all night long, but I will,  
hold up I'm tripping,  
I don't know what I want, at this party thing  
don't get on  
and then maybe then number one I'll be home,  
till I..

(Ball up, till I fall out,  
ain't holla back, I'm going all out,  
if you're in love with me, like you say you be  
all the ladies in the club let me hear you shout)

But you feel me, feel me  
came with my brother I'm 19  
my hearts seem that is wrong and my brain says is the  
right thing

2 x Chorus:

Girl I know you're the one  
and for this people wait there whole life,  
I know they're seeing I'm young and dumb  
but I'm really just having some fun (having some  
fun).

SO I need to be on every vacay,  
Vegas spring break, losing you would be a mistake,  
but girl that's a risk that I will take,

I ain't m wrong so wrong I know, ain't no got it..  
but I'm so young, so young, so young,  
I'm just being honest,  
and I know I might be asking for too much,  
but you try and stay girl if you're really in love, uh  
'cause girl you're special and I know you're  
the one  
but I can't give it all the..  
when I'm having so much fun.

[2 x Chorus:]

But I know you've been getting so mad,  
and is such a feeling so sad,  
when I go like that,  
act like I ain't coming right back,  
I'm not losing you, I'm choosing you,  
doing her and do you,  
I just wanna act the fool and it's what I gotta do.

[2 x Chorus:]

I party and bullshit, ain't kick it with a couple of my..  
I party and bullshit, ain't kick it with a couple of my..  
wanna party and bullshit, ain't kick it with a couple  
of my..  
I party and bullshit, ain't kick it with a couple of my..  
I kinda party and bullshit, ain't kick it with a couple  
of my..  
I party and bullshit, ain't kick it with a couple of my..  
wanna party and bullshit, ain't kick it with a couple  
of my..  
I party and bullshit, ain't kick it with a couple of my..
