"Shelter Me"

Lend me your lonely faces
Sheltering in darkened places
The reckoning is at hand

Unchain tomorrows rain
Let's wash the evil far away
The world will have to understand

Too dark to see
Cover me with everything
Too dark to see and

Shelter me, the cold wind of illusion's crying
Shelter me, keep me warm, oh
Shelter me, the underside of evil's coming
Shelter me from it all

Here in the shallow waters
Cooling in the waves and wonder
How can this be all bad

It's all the same
If you are blinded by the spell you're under
Too bad, it's too bad

My eyes are red
Ultimately everybody's eyes are red so

Shelter me, the cold wind of illusion's crying
Shelter me, keep me warm, oh
Shelter me, the underside of evil's coming
Shelter me from it all

Shelter me, the cold wind of illusion's crying
Shelter me, keep me warm, oh
Shelter me, the underside of evil's coming
Shelter me from it all
