She stepped into the park  
I gave up looking for angels  
Each moment loving the last one  
The fear is walking us by  
I understand all her demons  
Relying on the day she will see

Shine On

Your freedom, I cannot bear  
I'll try to be immune to the sadness  
Now I pretend we are lovers  
I keep wondering why

Shine On (3x)

You defy, I remain  
Prisoner of your decisions  
I dream, you laugh  
I can remember how it started  
One day, you'll see  
Details will make all the difference  
I love you, goodbye  
Now you know I'm gone

Shine On (3x)

You defy, I remain  
Prisoner of your decisions  
I dream, you laugh  
I can remember how it started  
Someday, you'll see  
Details will make all the difference  
I love you, goodbye  
Now you know I'm gone

Shine On (7x)
