I must wear a mask
With a face in my hands I am drowning in smoke.
Painting your lips with sins and sick guilt

Into dreams I run achieving desiring calm
I am floating in steam
I experience hallucinations but I am convinced they are
justified
Exploring your soul
Forget
Forget what I have done and REST
Forget and rest...

By monumental drums
I walk
By hypnotizing words
I swim
By monumental drums
I walk
By hypnotizing WORDS

INTO FREEDOM
INTO FREEDOM

By monumental drums
By hypnotizing words
By monumental trance
I have my OWN heaven in my mind

FREEDOM
FREEDOM
FREEDOM
