(Don't hold your breath)  
Things will never be the same  
From another point of view  
I am wise to what you do

You left the door unlocked  
And when I came home  
I saw the keys on the floor  
By the phone tonight  
I knew that something wasn't  
(something wasn't right).

Give me one chance, give me one chance  
To settle up the score between us  
Before my trunk becomes your fate  
Give me one chance, I'll plan a perfect murder  
Give me one chance, no one will ever miss her  
And now your bloods upon my hands  
To wash away my sins.

(Don't hold your breath)  
I promised I'd be home at 10  
I trust you with my heart and life  
So you sleep with my best friend.

(oh my god, oh my god) Its 2 am  
(oh my god, oh my god) With my best friend  
(oh my god, oh my god)

You fell asleep with the TV on at night  
Sprawled on the floor by your side is where I saw him,  
Is where I saw him, is where I saw him

Give me one chance, give me one chance  
To settle up the score between us  
Before my trunk becomes your fate  
Give me one chance, I'll plan a perfect murder  
Give me one chance, no one will ever miss her  
And now your bloods upon my hands  
To wash away my sins.

I'm never taking you back for what you said

I'm never taking you back for what you did  
I'm never taking you back, it's gotta end  
You know I'll never forget (so crash this car)

This highway's your hell  
Let it take you under  
This highway's your hell  
Let it take you under.

Give me one chance, give me one chance  
To settle up the score between us  
Before my trunk becomes your fate  
Give me one chance, I'll plan a perfect murder  
Give me one chance, no one will ever miss her  
And now your bloods upon my hands  
To wash away my sins.
