Corruption seeps in the city  
Under military security  
Dictators in planes and limousines  
Show their presidential prestige

This reunion is a mere facade  
While eating caviar paid with our taxes  
They sell our food, our wood, our souls  
Bashing Human Rights for a fistful of bucks

A dyslexic Prime Minister spits his speech,  
Ceremonial regards to the monetary obese...

"Free trade is a step forward for Democracy,  
Let Honest businessmen do their duty,  
All we expect from you is blind obedience,  
Come on, submit to the summit!"

Mass Medias know a bit about mind control  
Playing with truth and serving us carefully selected  
images  
They won't go see what's really up in the back streets  
Where cops brutality is not a myth  
Dogs of law bark in the electric night  
Barricaded doors and ugly decors  
Outside the fence, a motley crowd with a thousand  
claims  
Many demands but one negation

Slaves of the state, the police stands in rows  
Waiting for the order to charge  
Shields helmets bullet-proof jackets  
No individual will lies in these numbered uniforms

Explosions...  
Grey streaks fill the sky  
And the demonstrators disperse in total confusion  
Some vomit most suffocate  
Irritated and irate  
Eyes burn sweat and tears mix  
Flesh bruised by plastic bullets

Gas bombs thrown back from where they came  
The struggle is imminent

Cause and effect... violence breeds violence  
And the revolt turns to a riot  
You better run fast when the cops swoop down on you  
as hungry vultures  
Violence satisfies their primitive needs  
As beaten Democracy bleeds
