"Nations are our enemy
Everyone's chained up for a prosperous economy
With our knowledge let us build a magic place
To teach people how they must think
Of useless needs the sheep will abuse
For the New World Order we'll sow disorder
Brothers, the plan is in place and betrayers will be
erased"

Illuminatis... sorcerer-pedophiles
Managers of wars and true holders of Power
They are hidden dictators inducting fear into our
spheres
Brainwashing people with deadening tasks and
trickeries

So many countries in the claws of Jewish bankers
Do you really know who prints your money
The great architects, Free-masons of the highest
degree
Rothschild, Rockefeller and the disgusting company

From the Hollywood hills, secret hives and via satellites
A spell has been thrown on us
We are under an occult sun

Mass Medias around the world
Teach children plastic values
Carefully reminding how far life goes dramatic
Should I trust this masquerade like an idiot?
World wide news is the case of a press agency
Where nobody's allowed to add a touch of honesty
I now see through your lies
I'm shielded to face the treachery

Illuminatis... sorcerer-pedophiles
Starvation creators and terrorist employers
Behind the scene they decide who shall govern
Trapping people within their mind for their security

Obelisk, pyramid and strange symbolism

Proofs of their power stand everywhere
The eternal flame is still burning,
Is there someone knowing why?
The mighty of these days are still the same than
yesterday
Enslaved as our ancestors, we pay for decay
