The bride to be begins to bleed
As the room floods with families
(broken by) broken by all these lies
Made when we were only 17

(I won't) I won't let go
Let the angels take her now
(I won't) I won't let go
As her body hits the (ground)
I won't go I'm still breathing

Close your eyes and
Breathe deeply sweetheart
You'll be rotting in the ground
(make sure no one can see you now)
And if I set my sights high enough
Through scopes we see eye to eye
(under the sunrise)

The buried sleep while the families
Keep crying as their souls will creep
(broken by) broken by all these lies
Made when we were only 17

(I won't) I won't let go
Let the angels take her now
(I won't) I won't let go
As her body hits the (ground)
I won't go I'm still breathing

Close your eyes and
Breathe deeply sweetheart
You'll be rotting in the ground
(make sure no one can see you now)
And if I set my sights high enough
Through scopes we see eye to eye

Close your eyes tightly
Close your eyes baby
Close your eyes tightly
Close your eyes baby.

Close your eyes and
Breathe deeply sweetheart
You'll be rotting in the ground
(make sure no one can see you now)
And if I set my sights high enough
Through scopes we see eye to eye
Close you eyes
