The man's comin' down
The sight of it
Is gonna knock me down
Infinity waitin'
To see that crown
When he shows up
Hope he don't let the
Ground swallow me up
You don't get it
Ain't no use showin' up
I'm lightin' flares
So he don't pass me up
Don't leave me be
Doin' my best
With all the trouble
Blowin' up
Earth razor
Ring me later
Fools I'm pulling your card
Act so tough
Pushing your weight
'Round the yard
Don't leave me
Don't leave me here
Fools I'm getting over
Feel your feet
Sinking lower and lower
