Does it hurt to know that they dont want you?  
Everyone is out to get you,  
Smile while they try and bleed you,  
Smile as you swallow,  
Smile as you swallow your pride down.

Set you on fire,  
Watch you burn.

Does it hurt to know that they despise you?  
Hurts when you cant even,  
Let yourself down

Are you alive,  
or just breathing.  
Are you dead,  
or just bleeding.

As the darkness starts to fall around you,  
Everybody starts to hate you.  
Now you watch them as they crawl around you,  
Watch them as they celebrate you.

Set you on fire,  
Watch you burn.

Are you alive,  
or just breathing.  
Tell me,  
Are you dead,  
or just bleeding.

Are you alive.

Are you alive.

Alive.

Hurts to know that they dont want you?  
Everyone is out to get you,  
Smile while they try and bleed you,

Smile as you swallow,  
Your pride down.  
Smile.

No-one can save,  
No-one can save you now.  
No-one can save,  
No-one can save you now.  
Are you alive,  
or just breathing.  
Tell me,  
Are you dead,  
or just bleeding.

Are you alive, (No-one can save,)  
or just breathing. (No-one can save you now.)  
Tell me,  
Are you dead, (No-one can save,)  
or just bleeding. (No-one can save you now.)
