I always flirt with death
I couldn't kill,
But I don't care about it
I can face your threats
And stand up tall and scream and shout about it

I think I'm on another world with you, with you
I'm on another planet with you, with you

You always get under my skin
I don't find it irritating
You always play to win
But I won't need rehabilitating, oh no

I think I'm on another world with you, with you
I'm on another planet with you, with you
Another girl, another planet
Another girl, another planet

Space travel's in my blood
There ain't nothing I can do about it
Long journeys wear me out but
Oh god you know we won't live without it

I think I'm on another world with you, with you
I'm on another planet with you, with you
I think I'm on another world with you, with you
I'm on another planet with you, with you
Another girl is loving you now
Another planet forever holding you down
Another planet
