My Dearest,

I've missed you very very much since that last night we
were together
and will hold that night especially in my memories for
years to come

I've been turning it over and over in my mind lately
I've read your letter through at least four times
and will probably read it more times before in through

I've been sitting here looking at your picture
and getting more homesick every minute
I've wanted that picture more than anything i can think
of
except of course you yourself

I keep thinking of you darling
keep wishing i could be home with you
I want to leave in the worst possible way
So i can come home to see you but..
Thinks don't look so good on that subject

This war has spoiled alot of things for everyone i
guess..
I've never been so lonesome in my life as i am right
now
Im completely lost without you darling

I never realized i could miss any one person so much
I just hope it wont be too much longer until im able to
be with you again
and live a sane and normal life
