Yeah, my girlfriend takes me home when I'm too drunk
to drive
And she doesn't get all jealous when I hang out with the
guys
She laughs at my dumb jokes when no one does
She brings me mexican food from Sombrero's just
because
(Yeah, just because)

And my girlfriend likes U.L. and D.H.C.
And she's so smart and independent, I don't think she
needs me
Quite half as much as I know I need her
I wonder why there's not another guy that she'd prefer

And when I feel like giving up
Like my world is falling down

I show up at 3am
She's still up watching Vacation, and I
See her pretty face
It takes me away to a better place and

(I know that everything [3x]) Everything's gonna be fine
(I know that everything [3x]) Everything's gonna be fine

Yeah, my girlfriend takes collect calls from the road
And it doesn't seem to matter that I'm lacking in the
bulge

She laughs at my dumb jokes when no one does
She brings me mexican food from Sombrero's just
because

And when I feel like giving up
Like my world is falling down

I show up at 3am
She's still up watching Vacation, and I
See her pretty face
It takes me away to a better place and

(I know that everything [3x]) Everything's gonna be fine
(I know that everything [3x]) Everything's gonna be fine
(I know that everything [3x]) Everything's gonna be fine
(I know that everything [3x]) Everything's gonna be fine

(I know that everything [3x]) Everything's gonna be fine
(I know that everything [3x]) Everything's gonna be fine
(I know that everything [3x]) Everything's gonna be fine
(I know that everything [3x]) Everything's gonna be fine
