So sorry it's over, so sorry it's over  
There's so much more that I wanted and  
(So sorry it's over)  
There's so much more that I needed and  
(So sorry it's over)  
Time keeps moving on and on and on  
Soon we'll all be gone

Let's take some time to talk this over  
You're out of line and rarely sober  
We can't depend on your excuses  
'Cause in the end it's f\*\*\*\*\* useless  
You can only lean on me for so long  
Bring the ship about to watch a friend  
Drown  
Sit out on the ledge, begged you to come  
Down  
You can only lean on me for so long

I remember shots without a chaser  
Absentminded thoughts, now you're a  
Stranger  
Cover up the scars put on your gameface  
Left you in the bar to try and save face

You can only lean on me for so long  
Bring the ship about to watch a friend  
Drown  
Sit out on the ledge, begged you to come  
Down  
You can only lean on me for so long  
So sorry it's over, so sorry it's over  
There's so much more that I wanted and  
(So sorry it's over)  
There's so much more that I needed and  
(So sorry it's over)  
Time keeps moving on and on and on  
Soon we'll all be gone

Man on a mission, can't say I miss him  
Around  
Insider information, hand in your resignation

Loss of a good friend best of intentions I  
Found  
Tight lipped procrastination  
Yeah later, see you around
