you claim your better than me,
but through it all you dont see,
i dont care what you have to say,
because im with her and that all goes away,

she's with me,
shes all i need,
when i get scared i rememeber,
skylee's with me,

shes got blonde hair and hazel eyes,
she's the type that attracts all the guys,
i look at photos of us togeather,
and i still don' believe,

she's with me,
shes all i need,
when i get scared i rememeber,
skylee's with me,

she's with me,
shes all i need,
when i get scared i rememeber,
skylee's with me,
skylee's with me,
skylee's with me,

i love you skylee
