Oh how your mom is so inbred
last night I caught your mother
with your brother in her bed
five arms ten legs and four toes
the bitch has got four toes

When you fuck your family I guess
that's just the way it goes
when you fuck your family I guess that's,
that's just the way it goes
when you fuck your family I guess that's,
that's just the way it goes

But don't worry
your mom is not the only one
she's not the only one

because just the other night
I caught your dad taking your
brother's temperature with his thumb

When you go to your house
don't kneel or squat
don't kneel or squat
before you know it your dad will tie
my dick in a knot..... with his tongue

When you fuck your family I guess that's,
that's just the way it goes
when you fuck your family I guess that's,
that's just the way it goes
