Headlines say it's ok, I guess I'll live another day
I'll just sit and watch you sleep, so innocent it makes
me cry
I want to take you in my arms and sing to you the song
of love
Could it be that you're the one sent by God down from
above?
You're the one, You're the one...

I thought I'd figured it all out
I guess I'm living in my head
I thought I'd figured it all out
I guess I'm wasting all my time

If love's like an ocean, let's go for a swim
I'll save you before you drown
We'll fly to the heavens it's where you belong
You're perfect and beautiful

You have perfection that I lack, how could I ever try?
You hold my feelings and emotions in your little hands
Unbeatable, Unthinkable, too complex to understand
I want to take you to a place where we can leave the
land of tears
And we will go, we will go...

I thought I'd figured it all out
I guess I'm living in my head
I thought I'd figured it all out
I guess I'm wasting all my time

If love's like an ocean, let's go for a swim
I'll save you before you drown
We'll fly to the heavens, it's where you belong
You're perfect and beautiful

Perfect and Beautiful, perfect and beautiful
Perfect and Beautiful, you're perfect and beautiful
Oh...
You're so beautiful, and you're beautiful
You're so beautiful, and we'll go away
You're so beautiful, and you're beautiful

You're so beautiful, and we'll go away... Away
We'll go away... Away

If love's like an ocean, let's go for a swim
I'll save you before you drown
We'll fly to the heavens, it's where we belong
We're perfect and beautiful
