Hey girl I'm back, say did you miss me?  
I was in the backyard just taking a piss  
I'm out of money, so will you buy me a whiskey?  
After one or two you might look all right  
Hey, enjoy me now  
Tomorrow I'll be banging my head against the wall  
Hey, I'm crazy now  
Tomorrow I'll be banging my head against the wall  
I'm broke, and it's not yet 11pm  
There's a lot of people here but I only know a few  
Just get me drunk and I say I'll be your's forever  
The truth is I don't even want you  
Just keep 'em coming and I'll give you a smile  
I could be yours all night or just for a while  
I will be sorry when I wake up  
But that's tomorrow baby, tonight I'll never stop
