All the kids are ready to rock
And everyone feels fine
P-A he's got german beer
And Michael home made wine
Hanging out listening to the radio
Everyone is wasted and it's only 8 o'clock
Hey boys are you ready to scream now
Yea yea alright
Hey boys are you ready to drink now
Yea yea all night
I just wanna go - go go
I just wanna go with the flow
Hey boys are yoy ready tonight

All the punks are ready to rock
It's friday afternoon
Everyone is happy
Coz the cops will be here soon
Then we'll start a riot
And we will go berserk
And don't come in our way
You fucking jerk
