I leave from softball practice everynight
It's getting dark but the Golden Arches light up the way
I turn the corner at the traffic light
I count my money then i rehearse what i'm gonna say
I'd like an order of fries
A Quarter pounder with cheese
I love the light in your eyes
Will you go out with me please?

[Chorus]

I am in love with the MacDonald's girl
She has a smile of innocence
So soft tender and warm
I am in love with the MacDonald's girl
She is an angel in a polyster uniform
She doesn't try to impress anyone
She doesn't act real tough like all the other girls that I
know
She doesn't treat me like a simpleton
She's not afraid to be the only other virgin I know
And when my hamburger's cold
I get up ready to go
She's only 16 years old
And i'm in love with her so

[Chorus]

And as i head for the door
The movement catches her eye
My heart begins to soar
She smiles and waves goodbye
Chorus
She is an angel in a polyster uniform x2
