Come along girl, lets follow the neon light
The night is still to be wasted now

I wish you (.)?
(.)?
About the rest of the world

Listen up you
Can't you hear whats going on
(.)?

You best come closer now
I want to whisper in your ear
That you are mine, mine, mine

Never, never, never gonna let you down
Never, never, never gonna let you down

Come along girl, lets follow the neon light
The night is still to be wasted now

(.)?
(.)?
About the rest of the world

Never, never, never gonna let you down
Never, never, never gonna let you down

Let's disappear into the night
(Far away)
Far away from the memories

Let's disappear into the night
(Far away)
Far a way from the memories

Never, never, never gonna let you down
Never, never, never gonna let you down
Never, never, never gonna let you down
Never, never, never gonna let you dooown
