C'mon pretty baby let's do the twist again  
We go back to -57 to become the biggest band  
Hey, hey my friend we're never gonna stop  
We give you a disease called the B-boys Bop  
Every time we play the crowd goes wild  
Out of tune and underpaid  
But still the best band that ever played  
For gasmoney, food, beer and sleeping place  
We ain't much for complaining but we really need a  
raise  
Yeah, that's right Bro!!!  
All the kids are dancing to the tune  
The rudest tune  
All the crowd goes: Hey, Hey
