This town will never change
And all the fucked up people here they will remain the
same
But when I'm drunk and feeling free
I know that this town is the place for me
Do you remember all those wild nights?
Here I have had the time of my life
When I went down you stood by my side
So walk with me to the pub
Then walk with me through the night
(Now listen)
This is where I was brought up
And no matter how old I get
I will never grow up
When it's time for us to part
You will have a place deep in my heart
