You'll find it hiding in shadows  
You'll find it hiding in cupboards  
It will walk you home safe every night  
It will help you remember

If that's way it is then that's the way it is  
If that's way it is then that's the way it is  
If that's way it is then that's the way it is  
If that's way it is then that's the way it is

I still feel you and the taste of cigarettes  
What could I ever run to  
Just tell me it's tearing you apart

Just tell me you cannot sleep

If that's way it is then that's the way it is  
If that's way it is then that's the way it is

And you didn't even notice when the sky turned blue  
And you couldn't tell the difference between me and  
you  
And I nearly didn't notice, the gentlest feeling  
The gentlest feeling, the gentlest feeling  
The gentlest feeling, the gentlest feeling

You are the bluest light  
You are the bluest light  
You are the bluest light
