It's in the trees  
It's in the leaves  
This time i know what  
That I'll stay clear  
Anything it gives  
Anything it gives it will take back  
This city is here for you

My life, much long  
What i know who owns.  
it's running out  
Raise it, stay brave  
But i know who owns, it will return

I found there  
Rising from me  
From my fingers  
And all my mouth

If you're ever lonely  
If you are alone and stay that way  
The city is here for you

My life, much long  
What i know  
it's running out  
Raise it, stay brave  
But i know, it will return  
On the fourth day  
On the fourth day  
On the fourth day  
On day four
