dududududu  
The kids are restless  
dududududu  
They just need something to do  
dududududu  
From Ilford to Ladywell  
The streets have become cruel

He said, I will not listen and I won't be told  
England is mine I will take what I want  
He said, I will not listen and i won't be told  
We will row, these satanic mills

dududududu  
They stood on his fingers  
dududududu

Kicked the back of his head like a ball  
dududududu  
They filmed the beating  
On they're mobile phones

She said, I will not listen and I won't be told  
England is mine won't take what I want  
She said, I will not listen and I won't be told  
We will make, up our own rules

Im waiting for something cruel x8  
To happen
