If you're cold and you're alone  
And you don't know where to go  
You can call me anytime  
Nothing's changed, I am still here

If you're running out of breath  
And your building's burning down  
You can jump, I will catch you  
Nothing's changed, I am still here

With heavy hands and an absent mind  
Did I blow your candle out?  
With shortened words and a lack of time  
Am I ever on your mind?

Was I cruel and never there?  
Nothing to rely on  
Was our romance a black hole?  
You kept the better half than me

Well if you really wanted to know  
Well no the earth's not moved for me since  
I wish I could've given you lightness  
The lightness that you deserve

And they say time is a healer  
And time will look after you  
I can't wait, I can't wait  
I can't wait, I can't wait, come over

Come over, come over, come over  
Why don't you come over?  
Why don't you come over?  
Why don't you come over?  
Why don't you come over?

Well if you really wanted to know  
Well no the earth's not moved for me since  
I wish I could've given you lightness  
The lightness that you deserve

And they say time is a healer

And time will look after you  
Let it go, let it go, let it go, let it go  
Come over

And I stole you that ring 'cause I wanted you to have it  
And it wasn't about me, I just wanted you to have it  
Your smile, baby your smile, baby I come alive

And I stole you that ring 'cause I wanted you to have it  
And it wasn't about me, I just wanted you to have it  
Your smile, baby your smile, baby I come alive

I feel so naked like before we met  
Last night I was so close to just calling you up  
They say it takes time to heal the wounds  
I can't wait, I can't wait, come over
