In two more years, my sweetheart, we will see another
view

Such longing for the past for such completion
What was once golden has now turned a shade of gray
I've become crueler in your presence

They say, "Be brave, there's a right way and a wrong
way"
This pain won't last forever, this pain won't last forever

Two more years, there's only two more years
Two more years, there's only two more years
Two more years, so hold on

Two more years, there's only two more years
Two more years, there's only two more years
Two more years, so hold on

You've cried enough this lifetime, my beloved polar
bear
Tears to fill a sea to drown a beacon
To start anew all over, remove those scars from your
arms
To start anew all over more enlightened

I know, my love, this is not the only story you can tell
This pain won't last forever, this pain won't last forever

Two more years, there's only two more years
Two more years, there's only two more years
Two more years, so hold on

Two more years, there's only two more years
Two more years, there's only two more years
Two more years, so hold on

You don't need to find answers
For questions never asked of you
You don't need to find answers

You don't need to find answers
For questions never asked of you

You don't need to find answers

Dead weights, balloons, drag me to you
Dead weights, balloons, to sleep in your arms

I've become crueller since I met you
I've become rougher, this world is killing me

And we cover our lies with handshakes and smiles
And we try to remember our alibis
We tell lies to our parents, we hide in their rooms
We bury our secrets in the garden

Of course, we could never make this love last
I said, of course, we could never make this love last
The only love we know is love for ourselves
We bury our secrets in the garden
