When in motion
World is frozen
Talks in circles and Greek
Heâ€™s into epiphany
Heâ€™s into philosophy
Heâ€™s into methyl amphetamines
Heâ€™s into science
But heâ€™s lost his way
Heâ€™s not the real me, but I can hear
I can hear, I can hear him
From my future

Show, show, show show me
You gotta show me the way
Show, show, show show me
You gotta show me the way
Show, show, show show me
You gotta show me the way
Show, show, show show me
You gotta show me the way

Past and present
Are superimposed
He has seen this before
Heâ€™s into conspiracy
Heâ€™s into theophany
Heâ€™s into phenomenology
Heâ€™s into deeds
He donâ€™t mix his words
Heâ€™s not the real me, but I can hear
I can hear, I can hear him
From my future

Show, show, show show me
You gotta show me the way
Show, show, show show me
You gotta show me the way
Show, show, show show me
You gotta show me the way
Show, show, show show me
Show, show, show show me
