Freshly picked from the faculty  
Where he screamed I get it  
He seemed exited by the life he will lead  
He met his colleagues, everyone dressed up like geeks  
Changed his lifehabits, now he is a real king  
He got married had many kids  
How many? one, two, three!  
Had to buy a house, bigger is the house  
And bigger is the wife  
Don't speak about my wife!  
And the more he gets bored of everything

Succeed in life, this point shakes up in my mind all the  
time  
No question of hobbies, what about feeding his family?

What a life

So what am I?  
Not a kind of get rich or die tryin'  
Nobody's allowed to tell us how to screw up our life!

You think you would become someone  
But you'd become no one  
Now you look the same, similar to your friends  
Hey just fake a smile! Welcome to the common world  
Man this dictature would cause me so much pressure  
You said my life don't mean a thing  
I act like I'm a teen  
Be realistic, guess who runs more risks  
Do you fear tomorrow?  
Nevermind sleep, wake, work!  
Don't worry your life is all made of comfort

Succeed in life, this point shakes up in my mind all the  
time  
No question of hobbies, what about feeding his  
fantaisies?

What a life

Not a kind of get rich or die tryin'

Nobody's allowed to tell us how to screw up our life!

When I was young, someone told me that I should  
dream about my life  
I realised I'd better live my dreams, no regret at the  
final scene
