[Music: Nazgã»l Lyrics: Vampyr]

The pentagram of my desires fulfillment
Glow with inverted unholy inner force
Baphomet, I draw your sign deep into my flesh
Enter me, and use my satanic body for war

Grant me a touch through Leviathan
Set fire to my soul of Anti-Christ

God of the underworld, split open my black heart
Fill me with unholiness and color my soul in hate
Fever runs through my blasphemous being
I am my sacrificial gift to the goatlord
I cry out to thee, Baphomet, appear in me
Create a storm of immolation, to kill God

Possess me now and see all my hatred
I am a human torch of devastation

Master of the grim domains, I call your names
While I rape the angels of an impotent God
