I always had my eyes on you but you came from across
the line.

I had to make good time to see you but you had to pay
the fine.

All the boys on my side knew that you were the shark.
If you were found on the borderline you'd be a shot in
the dark.

Don't wear those clothes again, they don't make it in
this crowd.

Don't go all D.T.K., you'll wear your best suit in the
ground.

Hey!

We're meeting in a neutral zone: the last car on the
train.

The love you brought shaking up my bones and
crawling through our veins.

We always met at the edge of a blade and we left at
the end of the fight.

Of all the girls you've played and you laid why did this
one have to be white?

They're gonna getcha at 12 o'clock high, got their
sights set low on you.

You better believe me, I wouldn't lie.

We better quit before you're through!

Oh!

They're gonna getcha at 12 o'clock high, got their
sights set low on you.

You better believe me.

I wouldn't lie.

We better quit before you're through!

Oh!

Clement Burke on drums.

Nigel Harrison, bass guitar.

Jimmy Destri keyboard.

Frank Infante, guitar.

Chris Stein, guitar.

I know but I don't know.
I know but I don't know.
I know but I don't know.
I know but I don't know.
I give but I don't get.
I will but I won't yet.
I lose but I don't bet.
I'm your dog but not your pet.
Arooo!

Now I know but I don't know.
Then I know but I don't care.
Then I see but I don't know.
I care but I don't care.

I could but I won't be.
You can but not with me.
It's all a mystery.
